ThinkMarkets Funding Requirements

In compliance with our regulator, ThinkMarkets has adopted the following funding requirements for all account holders.

1. ThinkMarkets does not accept third-party payments. All deposits must originate from funding sources drawn in the ThinkMarkets account holder's name. Please note that non-refundable transaction fees may apply, which will not be refunded in the event of any third-party funding.

2. ThinkMarkets accepts pre-paid Visa and MasterCard to fund your trading account; however, the cards must indicate clients name, and clients are required to keep the card on file as withdrawals will be processed back to the pre-paid card, up to the original funding amount.
