Benefits of becoming a signal provider

- Become a signal provider to earn on your trading.
- The better you trade and manage your risk, the higher you will be on the leaderboard and the more followers you will attract.
- You earn when you perform and may charge a performance fee on high watermark profits from 0 to 50%.
- You can manage your trading from MetaTrader or the **ThinkCopy** app.

How to become a signal provider

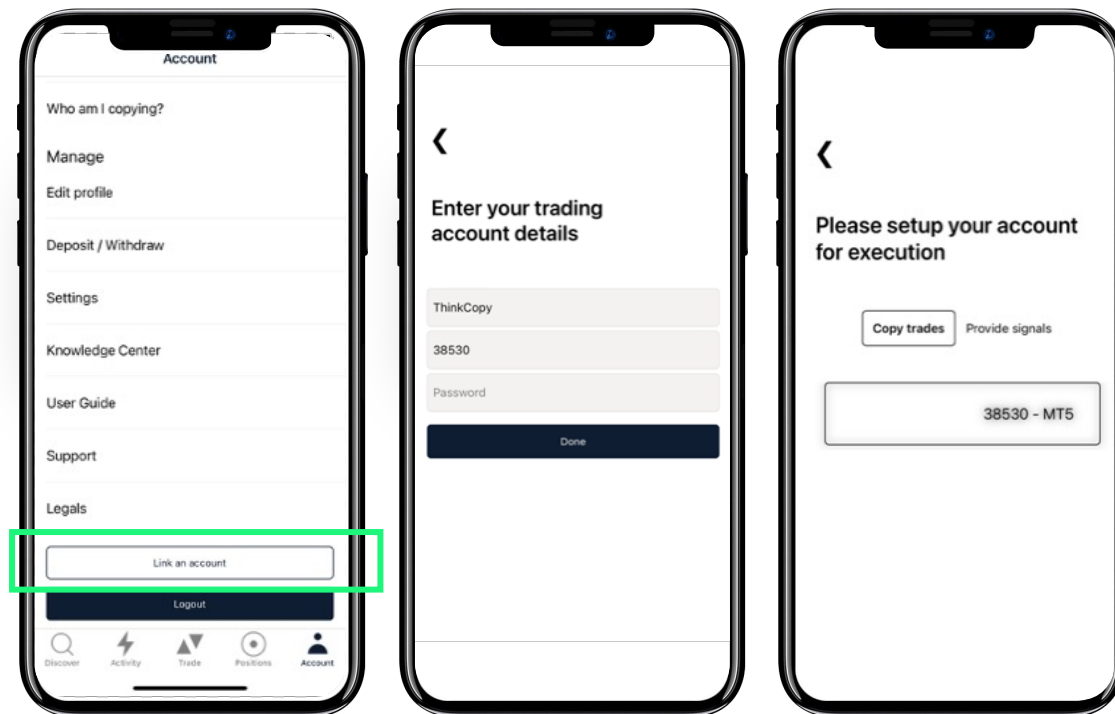

1. Create a new **ThinkCopy** account via portal.thinkmarkets.com (you can't use the same account to copy trade and provide signals).
2. Save the account number and password. You will also receive an email with the same details.
3. Fund the account.
4. Download the app via [iOS App Store](#) or [Google Play Store](#).

Steps to login for existing ThinkMarkets clients

1. Open **ThinkCopy** app and tap '**Link an account**'.
2. Enter your **ThinkCopy** account number and password.
3. Choose '**Provide signals**'.
4. After making your selection, tap your account number.

Your Signal Provider account is now set.

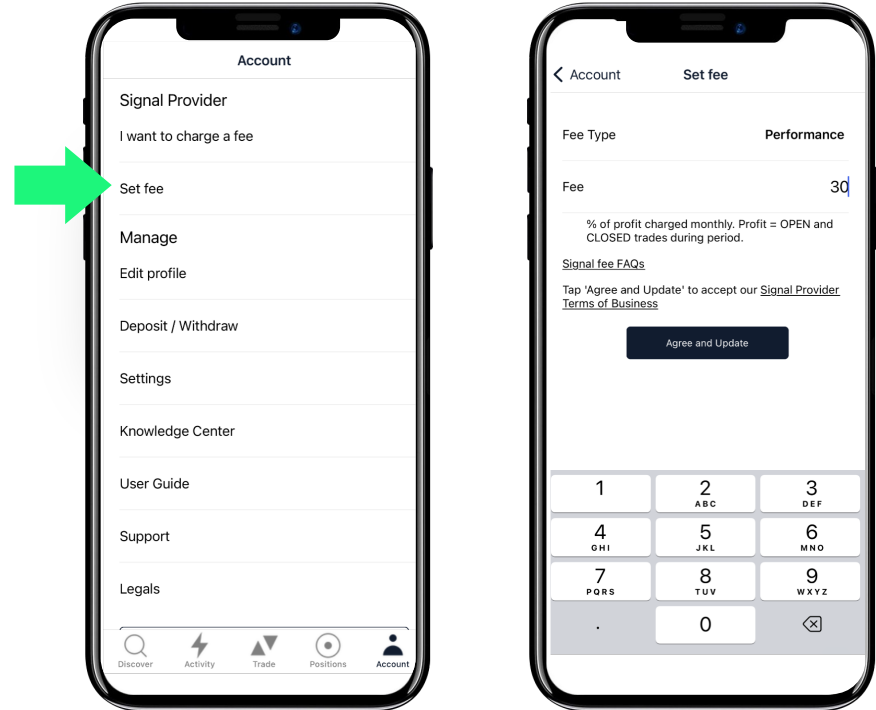

How to setup a fee structure

A performance fee charges a % on new profits each month (*high watermark*).

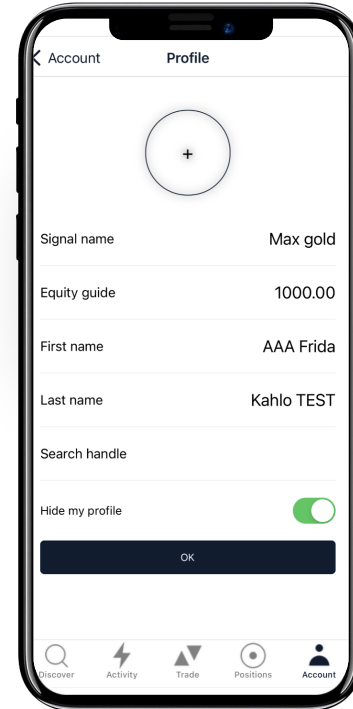

How to setup a fee structure

1. Tap '**Account**' in the menu.
2. Tap '**Set fee**', type in the desired amount and tap the '**Agree and Update**' button.
3. Your fee is now set. You can trade with your regular MetaTrader account or the **ThinkCopy** app to provide signals.

Account details

1. Add a name to your strategy.
2. Set an Equity guide so new investors know how much to invest (*this is not optional*).
3. Hide your profile if you do not want it to be public.
